

## **Bioanalytical Applications of Liquid Phase BBCEAS**

Meez Islam, Zuzana Bajuszova, Godfrey Pasarayi and Zulf Ali

*Teesside University, School of Science and Engineering, Borough Road, Middlesbrough, TS1 3BA, United Kingdom*

We present new results from the ongoing EU FP7 project CE-microArray on the application of BBCEAS to the measurement of bio assays in 96 well microtitre plates. Multiplexed measurements from up to 4 wells simultaneously have been demonstrated in a prototype cavity enhanced microplate reader.
